

## Word Tracker - The Lorax

| Word           | Meaning                                                                                                     | Why |
|----------------|-------------------------------------------------------------------------------------------------------------|-----|
| Greed          | Wanting more and more of something, even when you have enough, and not caring about others.                 |     |
| Selfish        | Thinking only about yourself and your own desires, not about other people or things.                        |     |
| Caring         | Showing kindness and concern for others, animals, or the world around you.                                  |     |
| Pollution      | Making the air, water, or land dirty and harmful.                                                           |     |
| Consequence    | Something that happens as a result of an action or choice. (What happens <i>because</i> of something else.) |     |
| Responsibility | Having a duty to take care of something or to do what is right.                                             |     |
| Warning        | A message or signal that danger or problems are coming.                                                     |     |

| <b>Column 1:<br/>(Natural things<br/>from the<br/>beginning)</b> | <b>Column 2: (Words<br/>describing bad<br/>qualities/actions)</b> | <b>Column 3:<br/>(Things<br/>that<br/>pollute)</b> | <b>Column 4: (Words<br/>describing a<br/>healthy<br/>environment)</b> | <b>Column 5:<br/>(Actions<br/>that harm<br/>nature)</b> |
